

## COVID-19 Update

Owing to the ongoing issues associated with COVID-19, a range of measures have been implemented to ensure that students have the opportunity to demonstrate their engagement and progress throughout the year. In determining the students' ability to meet the prerequisites for Senior School, the school may use an extended range of assessable items. This may include but is not limited to:

- Semester and Term report data
- Interim assessment data recorded but not reported
- Engagement and progress rates during periods of school closure
- Previous years report data
- NAPLAN data

## Prerequisites for 2011

The table below details the official prerequisites for Year 10 students progressing into Year 11 in 2021. Please note that students **must demonstrate a pattern of achievement across the year** to meet the requirements of the prerequisite. As such, a student who achieves a 'B' in Semester 1, but a lower achievement in Semester 2, may not be eligible for entry to the subject selected.

- Students should read this document carefully to identify if there are prerequisites for the subjects they are interested in undertaking. Prerequisites mean that the student must have reached the required level of achievement **by the end of Semester 1 of Year 10** to gain admission to the subject and to be successful in that subject.
- Prerequisites, as specified, are supported by a range of other indicators including the student's: **attendance, effort and engagement**. All General Subjects have a requirement for semester passes during the course to allow continuation of study in the subject. A semester result of 'LA' or 'VLA' will require the student to show cause why they should be allowed to continue in that subject.
- Students **may reselect their subjects at the end of Year 10** if they have gained the necessary grades to meet the required prerequisites.

Area of Study	Subjects offered in Year 11	Subject Prerequisites
Mathematics	<b>General</b>	B in Yr10 Mathematics A in Yr10 Mathematics A in Yr10 Mathematics
