

STATIONERY REQUIREMENTS

To enable students and parents to purchase requirements prior to the commencement of classes, we are providing information on stationery items to be purchased for students in the Junior and Senior School across all subject areas plus some specific requirements for particular subjects. Students are not required to purchase all of the stationery items listed below, nor are there particular brands required. Students may prefer to defer making purchases until after they have checked the specific advice of class teachers.

School Computer Network

Bremer has an extensive computer network with the fastest speeds and most modern server systems available to EQ schools. Subject teachers integrate information technology into the learning program in various ways. As a result, any student who is participating in the school's Resource Scheme is supplied with an EQ computer account and an initial \$5 printing credit. Additional printing credit can be purchased through the Finance office. On going printing costs are 10c a sheet for black and white and 30c for colour.

All Year Levels Years 8 – 12 General Stationery Requirements

Each subject requires one (1) or more of the following:
